I would like Rupert and Kelley to weigh in on that question. For now, get me what you have been using. (if you can get the Ft. Meade comments addressed, that's fine.) I need something today....that represents our current plan.

thanks

I had forwarded it to our chemist/lab coordinator to address the comments from Ft. Meade. I just checked with him and we should be able to get you the revised plan today. Also in regards to the proposed analytical changes for the March sampling...do you want another revised SAP to reflect the changes?

Thanks,

Suddha,

I have been asked to post the final SAP on the EPA web page. I am not absolutely certain that I have the latest. So. could you send me a PDF of the latest?

thanks.
